

Gichner Systems Group to Exhibit at Upcoming AAAA and AUVSI Events

DALLASTOWN, PA, April 08, 2014 – Gichner Systems Group, a proud part of Kratos Defense (NASDAQ: KTOS) Modular Systems Division, announced today that it will be displaying an electronics equipment van at the 2014 Army Aviation (AAAA) Summit from May 4-6 in Nashville, TN, and at the 2014 AUVSI Unmanned Systems Exhibition from May 13-15 in Orlando, FL. The shelter solution is configured for C3 operations and integrated with specialized ground control station electronics and communications equipment.

Gichner's turn-key electronics enclosures provide users with a secure, transportable, and scalable environment for housing computer systems, sensitive communications equipment, and other electronic components. Gichner can custom design unique shelters or leverage from an expansive array of in-house designs to provide a quick response to containerized system needs.

About Gichner Systems Group

Gichner Systems Group, a Kratos company, is the industry leader in the design, engineering, manufacturing, integration, modification, testing, and repair of tactical shelters, modular containers, and custom enclosures. Gichner has over 44 years of experience in providing mission critical products and services to every branch of the United States Armed Forces and its allies, leading defense prime

contractors, and various commercial markets. The turn-key shelter and containerized systems protect military personnel, electronics, and other cargo during transport and operation in some of the world's most challenging environments.
