## **Gichner (Kratos Defense) to Exhibit at IDEX 2015**

**DALLASTOWN, PA, February 10, 2015** – Gichner Systems Group, part of Kratos Defense’s (NASDAQ: KTOS) Modular Systems Division, announced today that it will be discussing its hardened, blast and ballistic protected modular structures at IDEX 2015 from February 22-26 in Abu Dhabi, UAE. Please visit Gichner at Kratos stand #FT-018 in Hall 1 to learn about the company’s family of modular critical infrastructure solutions.

Gichner provides several scalable protection designs meeting or exceeding U.S. Department of State specifications for modular safe havens. These fortified structures have been successfully blast tested at various standoff distances from bulk and satchel charges to simulate vehicle-borne IEDs and other explosive threats. Additionally, these systems provide exceptional ballistic resistance, successfully meeting various levels of NIJ, UL, and British specifications. Other asset protection solutions include portable armories with integrated RFID weapon tracking software and secure ammunition storage enclosures that can be custom configured to meet the customer’s needs.

### **About Gichner Systems Group**

Gichner Systems Group, a Kratos company, is the industry leader in the design, engineering, manufacturing, integration, modification, testing, and repair of tactical shelters, modular containers,

and custom enclosures. Gichner has over 45 years of experience in providing mission critical products and services to every branch of the U.S. Armed Forces and its allies, leading defense prime contractors, and major commercial enterprises. The company's turn-key modular systems protect personnel, electronics, and other critical assets in some of the world's most challenging environments.
